## SAFETY TOWN NEEDS YOU!

This summer, an exciting and innovative child safety program titled "Safety Town" will once again be offered to kindergarten age children in Cherokee County. Safety Town is a "pint-sized" town which teaches and reinforces safety awareness and prevention procedures to youngsters through a variety of safety activities in the classroom and outdoors in a miniature town. They will practice safety lessons involving strangers, fire, playground, school buses, water, poisons, and much more. Children will experience "hands on" pedestrian and vehicle safety lessons as they ride a child size vehicle through a miniature town which includes child size safety signs.

***Teenage Instructor Volunteers*** are needed to assist the teacher, police officers, firemen, and the children at Safety Town. We invite you to become involved in this wonderful program.
